

GURDANE NAMED CHIEF; DIVISION OVER ATTORNEY

Former Head of Police Department Has Majority in Council and the Mayor Approves.

FITZGERALD HOLDS POSITION

Hattery is Made City Physician; Council Said to Have Stood Five for Roy Hattery as City Attorney and Three for Alger Lee; Mayor Objects to Hattery.

Tom E. Gurdane, former chief of the Pendleton police department under the administration of Mayors Lee and Murphy was last evening appointed to his old position to succeed Alex Manning, the present incumbent. The appointment was made by the new council and mayor at the first session after a caucus earlier in the evening had determined that the majority sentiment was for Gurdane.

In the same way City Recorder Thomas Fitzgerald held his position. Mayor Hattery was retained in office and Dr. H. H. Hattery appointed city physician. Mayor Hattery announced at the meeting that, inasmuch as no agreement could be reached on a city attorney, the present incumbent, Charles H. Carter, had kindly consented to act until his successor was named. No appointments of city engineer or street commissioner were made last evening.

Majority Favors Hattery.

The caucus was held behind closed doors earlier in the evening but reports of the discussion there have leaked out. It is said that on the first ballot on the city attorneyship, five votes were cast for J. Roy Hattery, city attorney under Murphy, and three for Alger Lee. It is said that Mayor Hattery announced that he absolutely would not stand for Hattery for the reason that that attorney had been actively opposed to him during the majority campaign. Despite this announcement the second ballot stood the same and it was decided to permit the present city attorney to remain for the time being.

Recorder Fitzgerald received the tribute of a unanimous vote on the first ballot. Dr. Hattery was nominated for the position of city physician by Mayor Hattery and received six of the eight votes, according to reports. The other two were cast for the present incumbent, Dr. L. U. Temple.

For chief of police it is said that four votes were cast for Gurdane, two for H. J. Stillman, one for Jack Childreth and one blank. The majority voting were for Gurdane and he, too, was the personal choice of Mayor Hattery.

The appointments as decided upon at the caucus were confirmed at the meeting of the council and in making them, Mayor Hattery extended his thanks to Chief Manning for continuing in the office until his successor was named. In return Chief Manning expressed his appreciation for the courtesies which had been extended to him while an officer and stated that he was ready to assist his successor in every possible way in taking over the office.

The council chamber was crowded last evening by people eager to hear the new appointments. Mayor Hattery, by reason of his recent auto accident, wore a bandage over one eye. He did not have his committee appointments made and, in consequence, such business as came up was laid on the table until the committees are named. The monthly and annual reports took up the greater part of the meeting.

BOOKS ARE OPENED FOR PERMANENT REGISTRATION

Having completed the renumbering of precincts, County Clerk Frank Saline this morning opened books for the permanent registration of voters under the new law. Once registered the voter will not be required to re-register unless he moves into another precinct or fails to exercise his franchise.

The first person to register was County Judge C. H. Marsh and Commissioner H. M. Cockburn was second. The county clerk was himself No. 2. At 1:20 this afternoon 24 had registered. Of this number only two were women and they were the Misses Muel and Frances Saline, the latter of whom has charge of the registration.

Registration is made upon cards instead of in books and the cards are placed in files.

French surgeons have developed a stereoscopic X-ray camera for photographing broken bones.

BIG FORCES ARE READY FOR MOVE AGAINST ALLIES

Teutonic Armies Are Believed About to Invade Greece—Troops Massing on the Frontier.

VON MACKENZEN IN COMMAND

Battle on Greek Soil Is Only Matter of Hours, Is Belief Expressed in Advisers from Rome and Athens—Bulgarians Rush Troops to the New Front.

LONDON, Jan. 6.—The Teutonic forces are about to invade Greece, Saloniki advisers indicated, saying the Bulgarians are again concentrating on the Grecian border after a temporary withdrawal. Allied aviators are extremely active on the Bulgarian front. Troops are hastening preparations for the expected attack. The Frankfurter Zeitung declared that Von Mackensen was ordered to proceed immediately to Saloniki. The Serbian railways are repaired and munitions are moving to the new front. Rome and Athens advisers indicated a battle on Greek soil is imminent. The Bulgarians, returning from the Albanian campaign, are massing on the Hellenic frontier.

CITY PHYSICIAN'S REPORT SHOWS PENDLETON TO BE HEALTHFUL PLACE GOOD WATER ONE OF THE CAUSES

In retiring from the office which he has held for four years, City Physician I. U. Temple last evening submitted his annual report in which he declares the city in a very healthful condition, due to good water and the public interest taken in matters of sanitation and quarantine.

Smallpox and measles have been eradicated here, and there has been but little typhoid. In fact he reports but seven cases of infectious diseases during the year though he admits that number too low by reason of the laxness of some physicians in reporting.

During the year there were 82 deaths in the city, or less than eight a month, whereas there were 150 in 1914, 140 in 1913 and 111 in 1912. During the year he has treated 27 cases of medical and 11 surgical. There were more deaths from pneumonia than from any other disease, 11 in all during this malady. There were eight deaths each due to apoplexy, tuberculosis and heart disease, five suicides during the year. Nine deaths were due to accidents, four from unknown causes, four from senile decay, cancer, gangrene and premature birth each claimed three victims and there were three babies born. There were two deaths from diphtheria, two from anthrax and two from typhoid and one each from the following causes: Infestinal toxemia, typhoid, appendicitis, pneumonia, erysipelas, bronchitis, senile dementia, peritonitis, septicaemia, myelitis, paralytic, phlebitis, atelectasis and post-operative.

Birch Creek People Anxious for Road to the Junction

"We didn't raise our sons to be soldiers but would send them to war if necessary. However, we object to having them encountering unnecessary risk of life during times of peace."

This in substance is what the mothers of lower Birch creek say to the county court in a petition asking for a continuation of the Pilot Rock Junction road for a distance of three miles up the creek. Such a road would necessitate a bridge across the Umatilla river and this bridge is necessary not only as a convenience in reaching Pendleton but because children going to school are now forced to cross on the railroad bridge, thus endangering their lives and also trespassing upon the company's property.

The petition was presented to the county court yesterday afternoon by J. H. Harrison. It was signed by the "mothers and women" of lower Birch creek, some dozen or more of them. The proposed road was surveyed during the administration of Judge Mahoney but nothing further was done owing to some objection to the

Local Grain Men Will Profit Over Lowering of Rates

DIFFERENCE OF FOUR AND HALF CENTS BUSHEL EFFECTIVE ON SHIPMENTS.

Pendleton will profit by the rate reduction of 7 1/2 cents a hundred granted to shippers of the inland Empire by the Interstate Commerce Commission on less than 80,000 pounds minimum cars to Chicago and St. Louis, according to local grain men. The new rate will take effect on the northern roads on February 5 and will affect more than 5,000,000 bushels of grain in the Spokane district which will go east for export, says a dispatch from Spokane. The grain dealers and growers of the inland Empire and the northwest, in cooperation with the Spokane chamber of commerce, have asked the commission to grant a rehearing of the application of the carriers to put the new rate into effect immediately without the statutory notice of 30 days required by law. To Pendleton wheat men it will mean a difference of four and a half cents a bushel on grain shipments.

Bank Statements Called.

WASHINGTON, Jan. 6.—Comptroller of the currency Williams has called for a statement of the condition of national banks at the close of business December 31.

A machine has been invented for accurately fitting new doors to frames with a minimum of labor.

Cleaning up New York After Blizzard

NEW YORK UNDER SNOW BLANKET

This picture doesn't look as if New York is suffering from a great blizzard and yet it was made within twelve hours after one of the worst blizzards in the city's history. The picture shows the city almost completely covered in snow. The snow is deep and the streets are almost impassable. The picture is a good example of the power of nature.

Report of the City Recorder Shows Pendleton to be in Very Prosperous Condition

Something of the progress of Pendleton during the year 1915 is shown in the annual report of Recorder Thomas Fitzgerald submitted to the council last night.

The report shows that during the year 185 building permits were issued and that the estimated cost of the building work was \$245,000. Twenty-five blocks of street were paved at a cost of \$15,000, giving Pendleton a total of eight miles of paved streets. Nearly 12,000 lineal feet of concrete sidewalk were laid during the year.

The total city expenditures for the year aggregated over \$20,000 of which a little more than \$10,000 was for improvements. The expenses of operation were about \$2000 less than in 1914. The bonded indebtedness of the city exclusive of water bonds is \$250,000 and there is more than \$25,000 in the sinking fund. In addition there is \$117,000 in street improvement bonds.

The opening in the sidewalks on the main streets remain and are an infringement upon the public. They are unsightly, unclean and a source of obnoxious odors and should be closed.

"At present time there are no infectious diseases in the city to my knowledge and aside from the flury of a mild dog, the health of the community is in a normal condition."

White Garb Renders Germans Inconspicuous in Snow

As winter blankets the fighting fronts with snow, the German soldiers are donning their winter garments, designed to make them as inconspicuous as possible against the white background. The long coats and the caps are made of white cloth. The picture shows a detachment of German soldiers at an outpost in Russia coming from their huts, clad in the winter garments.

ENGLISH UNIONS ARE OPPOSED TO DRAFTING PLANS

Executive Committee Presents Resolutions Denouncing Conscription—All Eyes Watch Outcome.

DOMESTIC CRISIS IS SEEN

Unionists Call on Arthur Henderson, Labor Member of Parliament, to Resign—Belief is General That Parliament Will Pass the Conscription Measure.

LONDON, Jan. 6.—Representing three million unionists, an executive committee presented to the national labor congress a resolution protesting against conscription. Cries of approval greeted the document. Nine hundred delegates were present. The majority opposed conscription. One group demanded the resignation of Arthur Henderson, labor member of the cabinet. Preceding the resolution the committee reported, "Labor's deep rooted, traditional, uncompromising hostility to conscription." The eyes of the nation are centered on the congress. It is expected the resolution will pass, though the government hopes to win over strong leaders. The News viewed the situation pessimistically, predicting that if Henderson resigns the issue will force a domestic crisis leading to a general election resulting in the formation of a conservative ministry. It is generally believed parliament will pass a conscription bill despite the opposition of the laborites and the Irish.

MISS CLEVELAND ACCEPTS POSITION IN IDAHO NORMAL

Having been chosen to a position on the faculty of the Idaho State Normal School at Lewiston, Miss J. Arline Cleveland, for the past year and a half normal instructor in the Pendleton schools, has resigned her position here and will leave a week from Friday evening to assume her new duties. She notified the school board of her intentions on Tuesday evening. A successor has not yet been named but the board and superintendent Hampton will consider applications next week. Miss Cleveland has had charge of the normal work in the local schools since a year ago last fall and has given good satisfaction.

Chicago Wheat is up Few Cents Today

CHICAGO, Jan. 6.—May \$1.27 3/4; July \$1.19 3/4; Sept. \$1.15 1/2. PORTLAND, Ore., Jan. 6.—Club \$1.05; Bluestem \$1.02 1/2.
